Sir:

In a Supplemental Information Disclosure Statement filed May 16, 2007, Applicants' Attorney checked boxes on the form indicating that the submission was being made under 37 CFR 1.97(c) and that the "listed references were cited in the enclosed International Search Report in a counterpart foreign application." Both of these statements were made in error.

Since the application was under final action, a submission under 37 CFR 1.97(c) was not available. Rather, the submission should have been made under 37 CFR 1.97(d) together with a statement under 37 CFR 1.97(e). In the Notice of Allowance dated July 17, 2007, the Examiner effectively corrected this error by checking a box on the form adjacent a statement under 37 CFR 1.97(e): "Each item of information contained in this Information Disclosure Statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this Information Disclosure Statement."

The statement that "listed references were cited in the enclosed International Search Report in a counterpart foreign application" was correct with respect to all of the listed references except for reference A6. Reference A6 was first cited in an office action by the Patent Office in application number 10/613,516, now US Patent No. 7,210,118, which is a continuation of US Patent No. 6,618,824, previously cited in the instant application.

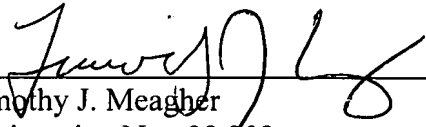

It is requested that the information disclosed herein be made of record in this application.

Please charge any deficiency in fees and credit any overpayment to Deposit Account 08-0380.

Respectfully submitted,

HAMILTON, BROOK, SMITH & REYNOLDS, P.C.
